→ Chevening Scholarships now open for applications

Chevening Scholarships are awarded to individuals with demonstrable leadership potential who also have strong academic backgrounds and a strong vision for the future. The scholarship offers full financial support to study for any eligible master's degree at any UK university whilst also giving access to a wide range of exclusive academic, professional, and cultural experiences.

'Chevening doesn't just open doors, it opens your mind,' Louise Thomson, Chevening's Head of Programme Management, said, whilst highlighting that Chevening puts applicants in control, as they are free to choose from over 12,000 master's courses at over 150 different higher education institutions.

Chevening also organises an exclusive programme of events and activities, enabling scholars to experience the UK's heritage and history, discuss international policy, and interact with thought leaders at a range of academic, cultural, and social events.

The programme was established in 1983 and recently celebrated its 35th anniversary. In that time over 50,000 outstanding professionals have had the opportunity to experience the UK and develop their careers through Chevening. There are more than 1,500 scholarships on offer globally for the 2020/2021 academic year, demonstrating the UK's long-standing commitment to developing the leaders of tomorrow.

Many influential Chevening Alumni have made positive contributions to their countries or professional sectors since concluding their studies. Earlier this year, we celebrated 35 of them in a photography exhibition held in London.

Applications for Chevening Scholarships to study in the UK in 2020/2021 open until 5 November 2019.
