Dear JAMIES partner,

We are very happy to inform you that the **first call for submission of applications is open**. The call will be open until the 28th February 2019. All relevant information is available in the following site <https://alunos.uminho.pt/EN/students/mobilityprograms/Pages/JAMIES.aspx>

We kindly ask you to read carefully all the information and please disseminate the call within your academic community.

An **official Call**, at institutional level, should be launched in order to guarantee that the participant selection process is fair, coherent, transparent and well documented. The official call should include detailed information, such as:

- eligibility and academic requirements
- financial conditions and benefits
- application procedure
- relevant data on JAMIES -

<https://alunos.uminho.pt/EN/students/mobilityprograms/Pages/JAMIES.aspx>

- preferred learning/teaching and research areas in line with the needs identified

All applications must be **submitted online until the 28th February 2019**, using the application form provided on the link <https://goo.gl/JU6BX7>

After the call is closed, the following selection procedure will be implemented:

1. Receiving the application

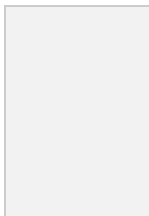

2. Validation by the home institution
3. Assessment by the home institution and by the host university
4. Candidates selection
5. Confirmation by host institution
6. Notification of the decision
7. Scholarship/Grant Agreement
8. Settling of the final mobility dates

JAMIES Consortium will be responsible for receiving and validating all applications submitted within the above mentioned deadline. For partner institutions applications, it will be up to each foreign HEI to validate and assess its candidates. Afterwards, all applications with a positive assessment will be forwarded for the analysis of potential host Schools/Institutes/Services of JAMIES institutions, which may give a positive or negative evaluation to the applications. In the case of JAMIES institutions, the candidates will initially be screened by the SRI in terms of eligibility, and subsequently submitted for evaluation of Academic Coordinators (for students) and UOEI Presidents (in the case of teaching and non-teaching staff). All applications that receive a positive evaluation from JAMIES institutions will be forwarded for validation of their hosting HEIs. The final selection of all candidates will be made by the JAMIES Consortium, where a jury, composed by 1 member of each of the Portuguese Institutions involved in the JAMIES consortium, will meet and decide the final award of the scholarships/grants, taking into account criteria such as: academic merit, relevance of the work plan, balanced distribution of scholarships between Partner universities, gender balance, among other.

We are looking forward to receiving the applications from your University.

Yours sincerely,
Natália Antunes
