Dear colleague,

4C-Université de Jendouba is a Career center and Skills Certification and it's a structure attached to the University of Jendouba from Tunisia ([www.uj.rnu.tn](http://www.uj.rnu.tn)) who aims to prepare and support its users, students and graduates, in order to facilitate their integration into the labor market. We have experience in training, education and insertion and Erasmus+ projects. We are open to any proposal in which we could bring added value as a partner whether it be our 4C or our University. Don't hesitate to contact me.

You find in attachments our PIF.

Hanen Rebhi

**Objet :** Re: Search for an Erasmus+ Partnership

Dear Hanen Rebhi,

it is really nice to make your acquaintancy; I am Davide D'Angelo, project manager at Cosvitec, Research and VET centre leader of a consortium that involves local universities (university of Naples Federico II and University of Naples Parthenope) and SMEs.

Aside from the projects mentioned in the Facebook post, there is another one which could be more relevant for you. It is an Alliance for Innovation with the deadline 15th of September (abstract attached).

If interested in participating our proposal I kindly ask you to fill the partner form (attached) and send it back by the 5th of September. We could include both the organisation (university and Career centre) as formal partners so please, fill the partner form for both the organisations; it would also be much appreciated also the involvement of Associated partners relevant to the project.

Also considering the limited time we have at our disposal I kindly ask you to confirm the interest in joining the project as soon as possible.

I am at your full disposal for any further clarification needed.

Best regards,

Davide D'Angelo
